

COUFAL-PRATER

Offering Quality and Integrity at Prices You Can Afford!

Winter Service Specials And Inspection Programs

Coufal Prater Equipment, LTD wants to be your choice for all your parts and service needs. We want to provide you timely and dependable solutions to all your aftermarket challenges.

We have five locations in the South Central Texas area, with 31 John Deere Certified Technicians.

We have specialized techs for Sprayers, Combines, AMS products, Pickers, Commercial Worksite Products including Scraper Tractors and Scrapers, as well as Commercial Mowing and turf products, to fit your needs.

CPE has all of the required special tools to complete the repairs on all products sold. We have 11 fully equipped road service trucks with experienced techs to meet your field service needs, and provide after hour service.

Our priority is to complete the repairs correctly the first time, and get your machine back in operation ASAP.

Contact the Service Manager today at one of our locations to schedule the pickup of your machine.
