

# John Deere HPX Series 4X4 Gator

## Reliable/Durable

- (Gas model) 617 cc, (20hp) liquid cooled, twin cylinder, 4-cycle Kawasaki gasoline engine provides impressive power. 4-bypass carburetor assures easier starting and excellent acceleration in all temperatures
- (Diesel model) 854 cc (20.8 hp), three-cylinder, liquid-cooled, 4-cycle Yanmar diesel engine delivers 33 ft. lbs. of torque (4.6 kgm) @ 2500 RPM. Indirect injection diesel with glow plugs ensures fast starts in cold temperatures. Self-bleeding fuel system includes a water separator; eliminates the need to bleed the lines when performing routine maintenance or when the unit is drained of fuel
- Industry-exclusive hydroformed steel frame provides added strength, rigidity, and durability
- Heavy-duty, 16-gauge-steel, 11.3 cu. ft. capacity cargo box hauls up to 1,000 lb.
- Payload and towing capacity of 1,400 lb. lets you tackle any task
- Two-speed continuously variable transmission allows for optimal towing, hauling, and pulling in low gear up to 12 mph (19 kph) and transport in high gear up to 25 mph (40 kph)
- Long lasting hydraulic disc brakes feature a dual-circuit master cylinder and larger calipers for ultimate stopping power
- Rugged heavy-duty bumper protects front end of vehicle
- Occupant Protection System (OPS) with multiple grab handles and 3-pt. seat belts is SAE ROPS certified

## Stable

- Best-in-class stability for assurance at higher speeds and on inclines
- Low center of gravity enhances stability and handling
- Enhanced 4-wheel suspension is tuned to cushion you when carrying a full load or when empty
- Smooth Steer Technology reduces steering effort by up to 30 percent, especially in 2WD

## Go Anywhere Capability

- On-demand, "true" 4-wheel drive gives you total control; select a completely turf friendly mode of operation, or press the switch and get on-demand 4-wheel drive for climbing the toughest trails
- Rear traction assist locks the rear drive wheels together to push through tough spots
- Standard heavy-duty, all purpose tires are great for most terrain types; optional (aggressive) high-performance, all-terrain tires (shown above) and (turf friendly) turf tires are available to deliver the traction you need
- Optional automotive-style, deluxe glass cab and other weather protection accessories for the OPS are available to keep you going in almost any weather condition
